RIBBON INSERTING MACHINE

The Automatic Ribbon Inserting Machine inserts ribbons tightly into notebook and diary book blocks with high speed and quality.The machine operates at up to 50 pieces per minute. It can work as a stand-alone unit or be integrated into in-line book production systems between the three-knife trimmer and the book-block production line, making it highly efficient for industrial binding workflows.

Parameter	Specification
Max Size (L×W)	290 × 210 mm
Min Size (L×W)	140 × 80 mm
Fastest Speed	50 pcs/min
Book Thickness	8 – 45 mm
Dimensions	4.9 × 1.5 m
Power	6 kW
Weight	1000 kg
Gas Demand	1.5 L/min @ 6 bar
Rated Voltage	380 V
